

Read&Write for Google Chrome™

Locked mode in Quizzes in Google Forms*

Quick Reference Guide 05.19

Tool	Symbol	How it works
Text to Speech		Reads text aloud with dual color highlighting and natural-sounding voices. Highlight or place your cursor in front of some text, and click the Play button.
Hover Speech		Reads text on websites in Chrome without highlighting, simply hover over the text you'd like to read.
Prediction		Provides word suggestions as you type. Develops writing skills and helps construct error-free sentences more easily. Hover over word suggestions to hear aloud. Click on a word or click Ctrl + the number next to the word you'd like to insert.
Talking Dictionary		Provides definitions to improve comprehension and writing. Definitions can even be read aloud. Highlight a word and click the icon. Click the Play button next to each definition to have it read aloud.
Picture Dictionary		Displays images from Widgit® Symbols to help support fluency and understanding.
Screen Masking		Tints your screen and provides a reading light that follows your mouse pointer, to help improve focus. Customize color, opacity and other options from the options menu. Use the floating control box for easy access to options or to turn feature off.
Talk&Type		Turns the spoken word into text by dictating into a microphone.
Translator		Allows single words to be translated, and spoken aloud for those languages with a corresponding voice. Translation language can be selected in Options menu.

*Locked mode is only available on [managed Chromebooks](#).

More Menu		Access options to customize speech, prediction, Check It, screen masking, language, toolbar features and account settings. Also includes links to get support, leave feedback, and more.
